Sexual Development and Personal Safety of Children with Special Needs

19 November is World Day for Prevention of Child Abuse.

As part of Enfold's month long activity to observe this day, we invite parents, care givers and educators working with children with cognitive special needs to a sensitizing session on Sexual Development and Personal Safety of children in their care.

TOPICS

Comparative sexual development from birth to 18 years - addressed by Faculty from Enfold

Neurological and behavioural regulation challenges in children with cognitive developmental issues - addressed by Dr. Preethi Jacob, Department of Child and Adolescent Psychiatry, NIMHANS

Overcoming challenges that children with special needs face while learning appropriate socio-sexual behavior - addressed by Faculty from Spastic Society of Karnataka

Why, what, when and how to teach personal safety to special needs children - addressed by Faculty from Enfold

Date: Saturday, 7th November 2015

Time : 10AM to 1.30PM

Venue: Spastic Society of Karnataka,

#31, 5th Cross, Off 5th Main,

Indiranagar 1st Stage, Bangalore.
